Version 3.0 Beta 3 (02/09/2016)

- \* Update Spanish.
- \* Add ability to choose the channel on which to generate the product key.
- \* Fixed a problem when there were no methods to activate Windows.
- \* Small graphic change.

Version 3.0 Beta 2 (01/09/2016)

- \* Removed LastChance.
- \* Fixed problem with incorrect activation of an edition of Windows.
- \* Algorithm made more generic KMS activation. Theoretically it would be possible to activate any ID is in the list.
- \* If you can not activate windows, you might find in any case office.

Version 3.0 Beta 1 (28/08/2016)

- \* Updated Spanish translation (Tnx ==4lfr1re==).
- \* Rewritten Ra1nb0w framework, it is now much easier for the Re-Loader distinguish each version of Windows/Office.
- \* Added a small Keygen (but hidden).
- \* Added vyvojar's SLSHim (thank you for sharing your work vyvojar), Here is called LastChance.
- \* The activation should be faster.
- \* Fixed a bug with Windows activation SLIC for Win Vista.
- \* Updated Twitter account, you can find me with @Ra1nReLoader, OTHER ACCOUNTS ARE FAKE.

Versione 2.6 Final (14/08/2016)

- \* Aggiunta traduzione spagnola (grazie ==4lfr1re==).
- \* I'm back on Twitter with the account @Ra1nReLoader This is my original account! other accounts are fake! be careful!
- \* I think of a great revolution, expect surprises in the coming weeks.

此工具支持的激活方式：

\* AntiWPA激活方法支持：Windows XP

\* OEM激活方法支持：Windows Vista, Windows 7, Windows Server 2008 (R2)/2012 (R2), 2016 RTM
